Many Rivers Visit – Donna Burton

Wednesday 29th March an Thursday 30th March

When: 9am – 4:30 pm

Where: PPAC

Anyone with any business ideas or interested in learning how to get a business started?

All Community Members are encouraged to have a yarn with Donna.

If you want to talk to Donna on your own, look out for her around community or let any of the PPAC staff know you want to see Donna.

Or you can call Donna on 0400 991 190.

WHERE THERE IS EMOTIONAL ABUSE:

THERE IS

- the ILLUSION of an authentic relationship
- inequality
- competition
- manipulation
- hostility/contempt
- control
- negation

THERE IS NOT

- authenticity
- equality
- partnership
- mutuality
- goodwill
- intimacy
- validation
- honesty
- accountability

Apunipima Cape York Health Council: Website Notification statement and remedial advice

Apunipima Cape York Health Council October 2022 Cyber Incident Update Wednesday, 22 March 2023
Notification of Apunipima patient, client and staff information possibly accessed during cyber-incident

As previously advised, Apunipima Cape York Health Council (Apunipima) experienced a cyber-incident in October 2022 where an unknown third-party gained unauthorised access to some of Apunipima's computer systems and may have viewed some personal information of Apunipima patients, clients, and staff.

As soon as we became aware of the incident, we reported it to relevant authorities including the Australian Cyber Security Centre (ACSC), the Office of the Australian Information Commissioner (OAIC) and relevant Government agencies. We also issued a number of public announcements that the incident had occurred and worked alongside IDCARE to provide initial advice and support to members of the community whose information may have been involved.

We recently completed our forensic investigation which has confirmed that some information (see full list below) stored in Apunipima's computer system at the time of the incident may have been accessed by the unauthorised third-party.

While this information may have been accessed, we would like to reassure you that:

- our investigation has revealed no evidence that any of this personal information has been misused;
- the involved information is mostly Medicare numbers and other transactional health information, such as a healthcare identifiers. For a small number of individuals, other information types may have been involved as well;
- Apunipima has already taken a number of precautionary steps to protect the information that may have been accessed, including liaising with Services Australia and the Australian Tax Office, which means the risks associated with that information is low.

Please note that each individual is affected differently, and if your information has been involved you will shortly receive a tailored statement via postal mail confirming precisely what information of yours was involved, and steps we recommend you take in response.

In the meantime, we recommend all previous Apunipima patients, clients and staff who may have provided Apunipima with any of the information types listed below review the advice we have included below those information types.

We sincerely apologise that this incident happened and for any concern it may cause our valued patients, clients and staff across the Cape York region.

If any member of the community has questions after reading this notification, please visit an Apunipima Centre and ask to speak to one of our managers about the cyber-incident; they will be able to answer any questions you may have. You can also contact our support team on (07) 4037 7192 (between 8.30am to 4.30pm AEST Monday to Friday) or email notify@apunipima.org.au.

Yours sincerely

Debra Malthouse

Chief Executive Officer
Apunipima Cape York Health Council

Apunipima Cape York Health Council has sent out a fairly lengthy advisory to clients and community letting them know what will happen next in regards to a cyber-incident they became aware of in October 2022.

Copies of the advisory in full can be accessed via the Pormpur Paanthu office.

If you have been directly affected you will be contacted directly by Apunipima Cape York Health Council.

The advisory contains the full results of their forensic investigation into the incident.

They have apologised.

Their staff on-site are available to answer any questions or you can contact their Support Team directly on 4037 7192 (8.30am-4.30pm weekdays) or send an email to notify@apunipima.org.au
