Tomorrow!

We are nearly into our final week of activities for this year's Domestic & Family Violence Prevention and Awareness Month. Make sure you join us tonight for the Candlelight Vigil, from 6pm onwards.

Every May Pormpur Panthu Aboriginal Corporation marks Domestic and Family Violence Prevention & Awareness Month.

"It's in our control to end coercive control."

Domestic violence is not just physical abuse. Coercive control is a form of abuse that can be just as damaging. It's when one partner uses manipulation, threats, and intimidation to control the other. If you or someone you know is experiencing coercive control, seek help immediately. You deserve to be in a safe and healthy relationship.
