Krause House Makes Way for More Housing

A new project is underway which will provide much needed accommodation for older residents on Palm.

The old teacher's house at Mango Ave has recently been pulled down to make way for development of this urgently needed additional housing.

It is expected three by two bedroom flats will be built and they will be designed to meet the needs of older people.

The Project is funded through Queensland Department of Housing Community Renewal project. Department of Public Works will be project managers for the project.

A construction date has not been set yet but

Council hopes work will commence in the first half of this year.

A large mango tree on the block will also need to be removed to make way for the new housing.

Timber which was still sound has been salvaged from the house. Council hopes these timbers might be used to develop a memorial of the original house.

Readers are advised this publication may contain the names and images of people who have passed away.

Council and State work toward delivering more accommodation on Palm Island

Above: Work underway on pulling down the old house

Top Right: Advice to Council was that although the building appeared sound it was not viable to either restore it or relocate it.

Bottom Right: Council's building team undertook the job pulling down the old house.

SHAMEFUL ACT COULD HAVE CAUSED SOMEONE TO DIE

Officer in Charge of Palm Island Ambulance Service written the following report about an incident of theft and vandalism involving an ambulance and the serious consequences that could have arisen.

In the early hours of the 21st of December – the ambulance vehicle parked at the Ambulance residence in Dormitory Street had its front driver's side window smashed and ambulance equipment stolen.

The vandalism was only discovered when an emergency call was being responded to. This meant a delay was experienced for the patient as I had to run to the hospital to get another vehicle.

What possesses a person to steal from and damage a vehicle that responds to people within the community who are sick and injured – people who may be directly related to the offenders?

Thank you to the people who have approached myself and told me who was responsible for this vandalism.

These people will be dealt with by the court system – but the community was left without an emergency response vehicle.

Someone could have died as result of this vandalism.

Why is an ambulance being targeted when we are here to help people?

I would ask the community to be vigilant and to report people who are seen to be interfering with an emergency vehicle.

If someone had died because of this vandalism it would have been murder or manslaughter as far as I'm concerned.

I am extremely disappointed to say the least. I have been here 8 years now and I really did believe that this community had a good rapport with the Queensland Ambulance Service.

The vehicle will be repaired and the equipment replaced. However, this does not lessen the seriousness of the fact that a life could have been lost due to this vandalism and damage.

We have had a extremely busy Christmas period with 71 cases being attended to during this time. With-

out an ambulance service here it would have meant that 71 people would have had to find their own way to hospital. More seriously, some of those people would have not made it alive to the hospital.

The Palm Island Ambulance service is your ambulance service. The community needs to look after it and respect the people who are here to make a difference in the lives of the people that we treat and transport to hospital.

All that know me know that I go over and beyond what a normal paramedic does – from giving people lifts home from hospital to running, motivational camps, holding First Aid Courses, helping at the hospital, and providing a service that is community friendly.

**Story from Ian Day Officer in Charge,
Qld Ambulance Service – Palm Island**

It's Back to School for Students at Palm Island Senior Campus

The new school year for Palm Island Senior Campus commenced on Tuesday the 29th of January

Year 11 students started on 29th January, and Year 12 students began on Wednesday the 30th of January.

Enrolments were taken on Thursday the 24th of January. However, if any person aged from 15 up to the age of 18 wishes to enrol at the campus, they can still do so.

But this needs **to be done by Friday the 8th of February**.

As well as the Numeracy, Literacy, Pathways, Sport and Recreation courses, students can select to do :

- Childcare
- Retail
- Hospitality
- Rural Operations
- Construction
- Automotive

If any person has any queries or wants to know more, call in at the Campus and speak to one of the teachers. Or you can call 4770 1875 for more information.

Community Input For Land Tenure Project

As previously reported Department of Natural Resources & Water (NRW) are keen for members of the Palm Island community to have their say on this project.

As part of the project NRW have set up a suggestions box at Palm Island, located at the Government Coordinator's Office (the old kindergarten). Members of the community can use this box to provide written feedback and suggestions on the project.

Also, don't forget, if you have any questions about the project you are also welcome to call Ted Besley, the Acting Project Manager, on (073) 406 2270 or email him on ted.besley@nrw.qld.gov.au.

Palm Island Senior Phase of Learning Success in 2007, Growing in 2008

Palm Island Senior Phase of Learning has enjoyed success in its the first year and is set to build on this success to grow in 2008.

Congratulations must go to the first group of Palm Island students for completing their first year of senior schooling on the Island. This group of dedicated students will now be progressing through to their final year, well prepared for their future.

Through the representations of the community to the Government Champions, Mr Mal Grierson and Ms Linda Apelt, at Future's Directions community meetings in 2006 it was clear the community wanted a viable option for their young people to continue their learning and training.

In response, Government agreed to a two year trial of the Senior Phase of Learning on Palm Island and gave a commitment to consider a longer term options after a feasibility study.

2007 saw our students engage in a range of learning both on Palm, in Townsville and the Burdekin as part of their educational program.

Vicki Baylis, Regional Executive Director North Queensland from Education Queensland said "We are very proud of how these students have grown in knowledge, skill and confidence.

In 2008, we are anticipating another 25 – 30 students to enrol in the Senior Phase of Learning on Palm Island which will mean we will have about 60 – 70 young people engaged in further learning and training on the Island. With all of these students, teaching and training spaces became a priority."

In 2007, the Palm Island Council worked constructively with all levels of State Government to find space such that Palm Islanders can access a range of educational opportunities available.

For 2008, the upgrade of the old Council Depot will be completed so students will be able to undertake some of their

TAFE work in this centre, but more classrooms are needed to ensure that further education can be delivered on the island.

After consultation through the Future Directions meetings and in planning for 2008, the Palm

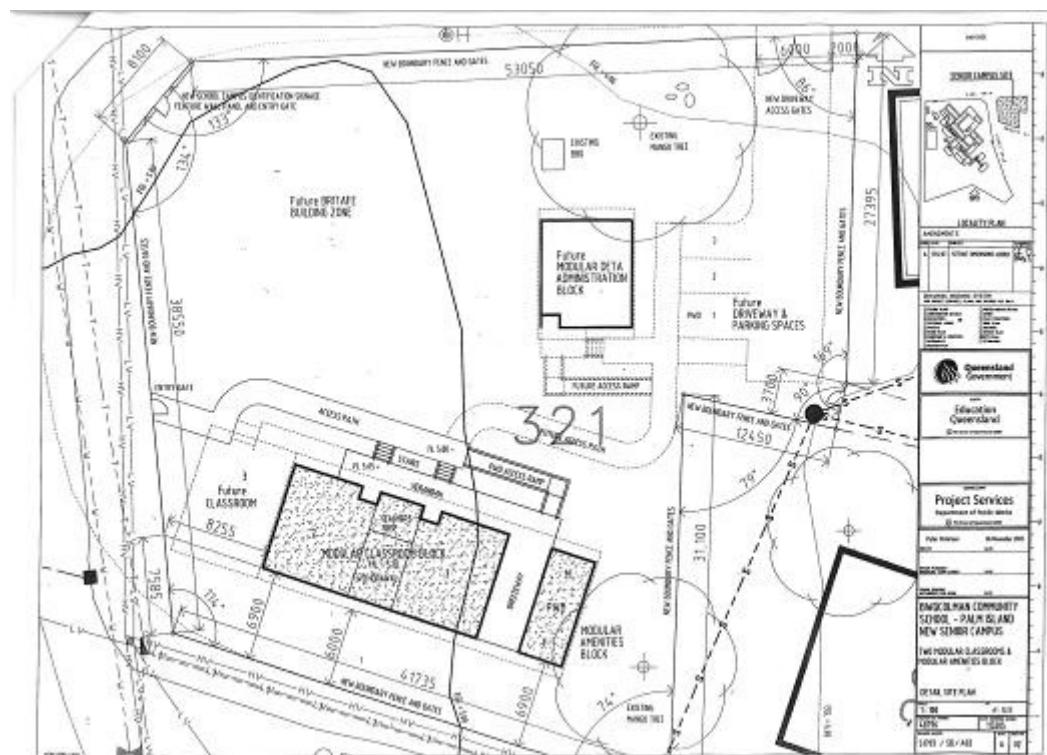

Island Aboriginal Shire Council proactively signed another lease to provide land for this additional classroom space. This land is adjacent to the Bwgcolman Community School Educational precinct on vacant land on the corner of Gribble and Park Streets.

Apart from the classroom the buildings will include a small covered area for the students and toilets as well. Weather permitting, these buildings will all be in place for the start of the 2008 school year.

Vicki also said that, "Staff will be working hard with this year's first group of Senior Phase students to ensure that they all have pathways beyond school at the end of the year either to work or further training. These young people are the future of Palm Island and we look forward to their continuing progress."

The Palm Island Aboriginal Council Mayor, Delena Oui-Foster with the support of other Councillors said that, "The support of families and the community has been a very important part of the success of this initiative in 2007 and we are appreciative of that ongoing support as we progress into 2008."

Story from Department of Public Works Project Services - Townsville

LOOKING DEADLY AND FEELING GREAT

The Prize Winners for the first Kilo Busters competition held on Palm Island have been announced.

Congratulations to Luawana Blackley who was the overall winner of this inaugural competition .

Kilo Busters will be back this year, by popular demand. More details of what's in store will be provided in upcoming issues of Palm Island Voice.

There were plenty of prizes and lots of winners.

Winners can collect their prizes from Sandy at the hospital.

Check out the list on the right to see who is looking deadly and feeling great.

PCYC Has Plenty of Activities Coming Up

Palm Island PCYC has a number of exciting activities about to start and members of the community are invited to join the PCYC.

PCYC membership

Community members will need to become members of the PCYC to be involved in most of the PCYC programmed activities (most activities - not all).

Application forms can be picked up the PCYC. Costs are: Family membership \$55; Adult \$27.50; Student \$16.50; Senior \$5.

If people are having financial difficulties paying these fees please contact the manager for assistance.

Radio Course

PCYC will be running a radio course with 4K1G for anyone in the community interested in having a segment on the Bwgcolman radio. You must attend the course to use the radio equipment. The course is yet to be confirmed for the planned dates of the 6th or 7th of Feb. Please contact the manager if you're interested in attending.

Netball Competition

The Netball competition starts on Wed 20th Febru-

ary. Please contact the Sport and Rec officer Cameron Harris at PCYC for further information.

To be in the competition participants need to be PCYC members. Again, if you want to join in but are having financial difficulties paying membership fees please contact the manager for assistance.

Youth In Tune

The recently launched Youth in Tune program starts on 12th of February. If anyone is interested in learning an instrument please contact - Youth Officer Lavenia at PCYC.

Another Attack on a Palm Ambulance

Unfortunately there has been another incident of theft involving our Ambulances. Some valuable and potentially lifesaving equipment has been stolen from one of the Ambulances.

The missing equipment is a Trauma pack. This is a large red pack filled with bandages and the like.

It was stolen from David Kain's Ambulance on the weekend of 19 and 20 January, while he was attending a patient.

Any information as to its whereabouts would be greatly appreciated and its safe return would even be better.

Queensland Ambulance provides important and lifesaving services to everyone in the community.

Queensland Ambulance Service paramedics are active members of the community and provide more than just emergency services

The vehicles, equipment and staff of the Ambulance Service all deserve our respect. There are many small communities who do not have the benefit of such valuable services and dedicated professionals.

Council Celebrate Season with Dinner

To celebrate the festive season Council shouted a dinner consisting of a meal and cruise with Sun Ferries.

The party started with some formalities (see left).

But then the food was laid out, and drinks were served.

Then it was time for everyone to let their hair down.

APPRENTICES AND TRAINEES

Palm Island has a strong commitment to ensuring community members are encouraged to take on apprenticeships and training.

The trainees and apprentices work very hard at both their on the job components of their course as well as the TAFE components.

In each edition of *Palm Island Voice* we will bring you the stories of a group of trainees or apprentices.

QBUILD CONNECTING WITH FAMILIES

As part of its commitment to its Palm Island Trainees, QBuild held a pre-Christmas Information Morning Tea on 5 December, last year.

Trainee mentor, John Newbould, together with Rod Gear, Regional Manager for QBuild, hosted the event at the TAFE campus.

Families of apprentices and trainees working with QBuild were invited to come along and learn about what the young workers had been learning and doing during the year.

The progress of each individual trainee was discussed and information was provided on what will be happening in the training programs in the future.

Family members were invited to ask questions and provide feedback.

The event was part of QBuild's goal to work toward better understanding of the training process for everyone involved.

The aim was to help family members understand the challenges trainees face in meeting both work and learning commitments.

With this understanding, it is hoped families will be better able to help their young people to succeed in their training and employment.

Picture: QBuild Mentor John Newbould (left) works closely with Charlie Goldsmith from TAFE (right) to ensure trainees succeed in their studies

COMMUNITY BUS TIME TABLE AND INFORMATION UP DATE

The Palm Island Community Bus provides valuable service to the community.

To ensure the service runs efficiently and regularly, the bus runs to a specific timetable.

Keeping to the timetable is important so people know when they can expect it to arrive.

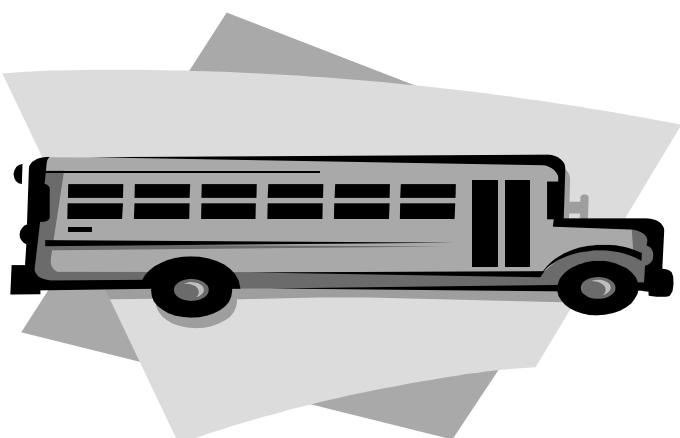

It also means they can be sure they will get to their destination on time.

To make sure the bus keeps to the time table it will not do unscheduled stops.

Also to help with running costs for this service, everyone using the bus will have to pay the full bus fare.

Palm Island Ambulance

First Aid Hints and Tips

Abdominal Pain

Acute abdominal pain is a general term for a multitude of abdominal conditions

Signs and Symptoms of acute abdomen

Abdominal Pain
Nausea and vomiting
Raised temperature
Abdominal rigidity – the abdomen feels hard – should be soft
Diarrhoea
Shock
Bleeding – PV (per vagina) PR (per rectum)
Increased heart rate – rapid pulse
Increased breathing rate
History of assault or trauma

Management – What To Do

- Place the patient in a position of comfort – a position that they feel is right for them
- Rest and reassure the patient
- Do not give food or water
- Check there pulse and breathing
- Call 000 and request an ambulance
- Treat the patient for shock

Many people on the island have had the gastro bug – with high temps nausea, vomiting and diarrhoea.

Most times lots of fluid and panadol will help and it may take several days to get the bug out of your system.

You can treat this bug at home, but see the Dr if required, or call the ambulance if you are concerned that the patient is not getting any better.

Stinger Season Count Palm Island Number – 16

*Swim Safely
Wear a Stinger Suit
Or
Long Sleeved Shirt and Long
Pants*

STINGER FIRST AID

- Protect yourself from being stung.
- Pour Vinegar liberally over the sting site. Up to 8 litres may be required.
- If you don't have vinegar and are able, go to the nearest Vinegar Station.
- Make the person comfortable
- Protect airway, breathing and circulation
- Ring the Ambulance on 000
- **DO NOT** wash the area with fresh water

Stinger Box Houses

Stinger Box houses have First Aid facilities for treatment. They are at premises close to the beach. Look for this sign.

WANT TO GIVE UP GROG, SMOKES AND YARNDI? ATODS can give you advice on how to start

The team at ATODS hopes everyone had a great Christmas and New Year. They have some tips and advice for those who want to cut back on grog, smokes and yarndi.

Many people have come to ATODS after New Year to advise that they plan on giving up those things that they know are doing harm to their health and general well being.

Set limits to cut down on grog

Some drinkers have said that they want to cut down. Great news.

Remember the safe limit for women is no more than 2 standards drinks a day on average and if having a party no more than 4.

A standard drink is one gold beer.

For men it should be no more than 4 a day on average and if having a party, no more than six.

There should be at least 2 to 3 days grog free in your week.

A great way to help yourself is to set a limit, stick to it, have a feed before drinking and make sure you drink water between and after drinks.

Don't forget that there is no safe limit for drinking for pregnant women.

Alcohol has serious affects on the growth and development of the baby in the womb. Please don't drink whilst you are pregnant.

Reducing smokes first step to quitting

For the cigarette smokers a great way to start is to reduce the amount that you smoke.

Make it a plan that you will not ask others for a cigarette when you run out.

Talk to the people in your house and make a house plan that nobody smokes in the home or around the children.

Smoking causes as much harm as the grog. If you want to take it the next step to stop completely, come in and have a yarn with us at ATODS.

Slow down on yarndi, cut the spin, avoid buckets

For the yarndi smokers we encourage you to think about stopping. It is also bad news to your health and to your money.

Think about slowing down, stretch out those times between when you smoke.

Cut out the spin and avoid using buckets. If you having problems ceasing we would be more than happy to develop a plan with you.

Goodbye Julie, Welcome back Jenny

Sadly Julie has finished working with us on Palm moving up to Cape York. Thanks to Julie and all the very best with the move. We welcome back Jenny Brazier to Palm who has worked here previously.

From the ATODS Team, Jenny, Craig and Uncle Owen, all the very best for this year and with your plans.

Story from Craig Thorsell, Social Worker, ATODS

Clinics to be Held for Womens' Health

The Women's Health Nurse will be holding clinics in Community health on the following dates

Tuesday	12 th February	9am - 3pm
Tuesday	11 th March	9am - 3pm
Tuesday	25 th March	9am - 3pm
Tuesday	15 th April	9am - 3pm
Tuesday	29 th April	9am - 3pm
Tuesday	13 th May	9am - 3pm
Tuesday	27 th May	9am - 3pm
Tuesday	10 th June	9am - 3pm

No appointment is needed. Please feel free to visit the nurse to discuss any Women's Health issues. Please contact the clinic on 47-52 5165 for further information.

PALM ISLAND COMMUNITY HEALTH CALENDAR

Joyce Palmer Health Service

Doctors Appointments

Doctors run clinics Monday to Friday 8 am to 5 pm.

See the administration staff for appointments

Pharmacy

Mon, Wed Thurs, Fri

10am to 1 pm

2pm to 4.30 pm

Tuesday only close 6.30 pm

Computing Class

Every Monday at the Bwgcolman State School. Beginners are welcome. Contact Charlie or Rani at the seaside TAFE campus. Telephone: 4770 1200.

Council Holiday Closure

The Palm Island Aboriginal Shire Council offices will be closed over the holiday season.

Council offices will be closed from 21 December 2007 to 2 January 2008 inclusive.

Learner's Permits

Courses to assist students who are sitting for their Learners permit are held monthly on Palm. This course has an extremely high success rate.

If you want to do the course you need to enrol at TAFE. You will need your birth certificate & other ID. Contact TAFE for details of course dates for 2008.

Blue Cards

Construction Induction (Blue Card) is conducted by TAFE on Palm Island. This card is a requirement when working on a building site but is also gives a good sound knowledge of the Workplace Health and Safety Act, Safe work practices and Risk Assessment.

It is a three to four hour course and on completion students are issued with a General Safety Induction card

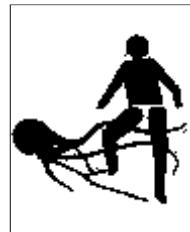

Enrolments are taken at TAFE.

Contact TAFE for details of course dates for 2008.

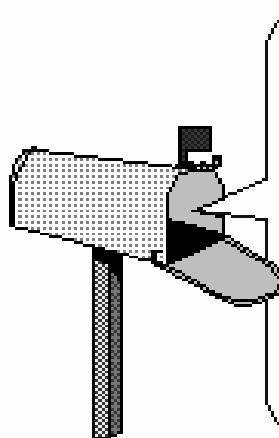

Stinger High Season

November to April

- Wear a Stinger Suit.
- Primary First Aid is Vinegar not water or ice.
- Stinger Box Houses have First Aid facilities for treatment. They are at premises close to the beach. Look for this sign.

Land Tenure Project Suggestions Box

Have your say on the Land Tenure Project. You can submit written feedback and suggestions using the suggestions box, located at the Government Coordinator's Office (the old kindergarten).
