CDP has returned to full swing for 2021, with a variety of new activities and training programs to assist job seekers to build their skills, address barriers and contribute to their community.

Lawn mowing and yard maintenance, Island beautification, arts crafts, women's and men's programs, media and IT, online training and work experience have all started, with construction training set to be kicked off in early March.

CDP Participants must let the office know if you can not attend your appointment or your activity for any reason – BEFORE the time of the appointment or activity is scheduled to start.

If you do not do this, your income support payments may be stopped or reduced, even if you have a good reason, for not attending.
